A Message from The Mayor

I am happy, indeed, to be informed that the Canadian Girl Guides Association has arranged to hold its Dominion Annual meeting in Winnipeg.

The Girl Guide movement is one of the organizations which command the admiration of all people interested in the training of girls for better living and in the art of good citizenship.

I extend the most cordial welcome to the delegates from other parts of Canada, and express the hope that the Conference will be a successful one, and that all who come will have a pleasant and useful time.

Yours sincerely,

GARNET COULTER

Mayor

Because all children live in a world of imagination, we try to teach them through games, stories and songs. They learn how to enjoy their everyday tasks and to do them with a "Brownie Smile."

Brownies are taught the rudiments of democracy through their "sixes." These are called Gnomes, Pixies, etc., and all have a definite meaning to a Brownie.

If you will wander with us through Fairyland tonight and listen to our story, you will not only understand where they come from—but also why. We hope that you will also learn, as Brownies do, that the true secret of happiness lies, not in doing as we like, but in liking what we have to do.

"EAGLE OWL"

The grateful thanks of the Director is extended to all members of her Committee and to all those interested persons whose efforts are responsible for this production.
